Define Problem Statements (Customer Problem Statement Template):

Create a problem statement to understand your customer's point of view.

The Customer Problem Statement template helps you focus on what matters to create experiences people will love. A well-articulated customer problem statement allows you and your team to find the ideal solution for your customers' challenges. Throughout the process, you'll also be able to empathize with your customers, which helps you better understand how they perceive your product or service.

Customer Problem Statement

I am...	I'm trying to...	But...	Because...	Which makes me feel...
A working professional with a limited credit history	Secure a credit card to manage my expenses and build my credit score	I keep getting rejected by traditional banking systems	The approval process relies strictly on established credit scores rather than my actual income or financial stability	Frustrated, excluded, and pessimistic about my financial growth
